4. Larry Landrum came before council to address the matter of the request by Nathan Rogers for an ingress and egress access across the property owned by the city off Tajuachua Drive. His concern is that the council is going to give Mr. Rogers the access without being made aware that Mr. Rogers failed to pay the assessment on the property and the city gained ownership by foreclosure. He does not feel like Mr. Rogers should be given a right of way across the property. Councilmember Williams explained that in the discussion in pre-council, the council stated that the city would not be willing to give Mr. Rogers access, however they would consider selling the lot back to him for payment of the assessment. Mr. Landrum also wanted to make sure the council was aware that the property is considered wet lands and before Mr. Rogers could put in a road, he would have to abide by ADEM regulations.

Councilmember Williams was asked by Mr. Rogers to bring to council a request for the city to consider allowing him access across a lot on Tajuachua that abuts

10 acres that he owns. Councilmember Williams explained that the city owns several lots off Tajuachua that were formerly owned by Mr. Rogers. Mr. Rogers failed to pay the sewer assessment and thus the city foreclosed and now owns the property.
